

## Stop Look

Do not be fooled by an old game. Do not let them get your money.

A few months ago a Western Baking Powder Company was perpetually enjoined by the U. S. Federal Court for the District of Idaho, from fooling the people of Idaho with

### The Fake (Comparative) Water Glass Test

Now an Eastern Baking Powder Company is trying to fool the people with the same old fake water glass test. The object is to get your money.

Are you going to let them get it?

Be wise—ask your grocer—He will tell you how the fake test is worked. He will advise you to save your money and buy an honest baking powder which contains no albumen, (sometimes called white of egg).

**K C BAKING POWDER** contains no albumen or any adulteration. It is made right and keeps right—pure—Efficient—Legal—No Fake Test.

## WOMEN CAMPAIGNERS TO VISIT SOUTHSIDE

As plans mature for the entertainment of the traveling party on the special woman's train which will spend October 20 in this valley, one

feature after another will be announced. This item refers solely to the forenoon activities, before the luncheon and mass meeting.

Word has been received from Mrs. L. C. McNary, of Tempe, that arrangements have been perfected for an hour's meeting in that city at 10 o'clock sharp. As there will not be time to go on to Mesa, every woman in Mesa is invited to be present at the Tempe meeting and then to continue on to the Phoenix meeting at 3 o'clock.

Mrs. J. L. Gant reports that a meet-

## MUSICAL STARS MAY SHINE IN PHOENIX

Schumann-Heink, Lewis Graveure, Claud Gotthelf and Havarah Hubbard, Ruth St. Denis, Charles Wakefield Cadman and possibly Paderewski and Melba—these are the artists who may appear in Phoenix this winter.

William Conrad Mills made this interesting announcement yesterday upon being advised by L. E. Behymer, the Pacific coast impresario, that they would be available. Mr. Mills has convinced Mr. Behymer that Phoenix demands the best in music and he believes that the city will support these attractions. Mr. Mills has booked Claud Gotthelf and Havarah Hubbard for December 19, and they will present the same operatic that is winning favor in New York at present. Lewis Graveure, the Belgian baritone, popular throughout the east, will be another worth while offering, while arrangements have all but completed to secure Schumann-Heink at least one evening. Those who heard the wonderful contralto here a few years ago, and since in other cities, say that her voice has lost none of its glory.

Mr. Mills stated yesterday that the lowest guarantee for Melba was \$2,500, but that even at a personal loss, he would book her if he possibly could make arrangements. Mr. Behymer informed him that Paderewski would be through here early in February, and that he was confident the Polish pianist would come to Arizona.

"I would like to round out the year's musical attractions with a noted violinist," said Mr. Mills yesterday. "I should want a dancer, too, possibly Ruth St. Denis and Ted Shawn, for I understand they are in the west again, after producing a most artistic pageant in New York. Charles Wakefield Cadman, composer and idealizer of Indian Folk Songs and Princess Tsanah, the Indian Mezzo-soprano, may be here before the year is over in examples of primitive sacred music, ceremonial songs, aboriginal tunes, harmonized and idealized by American composers; Indian melodies and "love calls," played upon an Omaha flageolet, and, in addition, some of Mr. Cadman's best known Indian songs."

ing has been arranged for in Glendale at the same hour, 10 o'clock, and in like manner, all who can be there will be welcomed at the Phoenix meeting.

This is preliminary to the announcement that the party will be divided into two automobile divisions, one to go east and one to go west, to attend these meetings. Mrs. Joseph Sherburne Jenckes, being the commander in chief of what might be called the "land forces." Anyhow upon this capable general will devolve the duty of assembling not less than fifteen or twenty volunteer automobiles, properly "manned" by women, for each division, or from thirty to forty machines altogether.

This will be no small job, and Mrs. Jenckes herewith urges every woman in command of a car, whether she owns it or not, and who is willing to tender its use, and drive it, to advise her just as soon as possible at her home or by telephone, number 8183. She not only wants to know what o'clock sharp. As there will not be time to go on to Mesa, every woman in Mesa is invited to be present at the Tempe meeting and then to continue on to the Phoenix meeting at 3 o'clock. That having been otherwise arranged for.

## REGISTRATION WORK HURRIED BY COMMITTEE

Business was lively yesterday at the office of the Hughes Alliance, 18 North First avenue, but it will be a great deal livelier today. As it is a ground floor location, more convenient for all concerned, the alliance quarters and office force is today at the disposal of the county central committee as headquarters for the final work of securing the registration of all voters who have delayed this duty dangerously long, as tomorrow night is the last hour of grace.

The city has been divided into four districts for registration purposes, the boundaries being identical with the four wards. An automobile will be available for each ward, and in it will ride a driver, a deputy registering officer, and a committee worker, in most instances a woman, armed with a list of all known unregistered voters in the ward. One by one these addresses will be visited and the eligible voters will be registered in their homes or wherever found.

It is suspected there are still unregistered, unknown voters who have not been encountered by any of the political workers. The request is therefore made of every such voter, whatever the sex or political affiliation, that he report his whereabouts by telephone to the Hughes Alliance, number 1475. A car equipped as above will be sent immediately to the point directed and the voter registered without any inconvenience to himself. As voting this year is an absolute duty as well as a privilege, every delinquent should respond.

Announcement is also made that while the supply of the popular bronze Hughes buttons is at the present time exhausted, telegraphic advice without her. Finally she declared she

was received yesterday that several thousand more are on the way from New York and will be here in a few days. These will be furnished free to those who will wear them, if they will call or send in their names.

## SAN DIEGO SOCIETY EDITOR VISITS HERE

Margery Tracy, society editor of the San Diego Tribune likes Phoenix so well she wants to remain.

And everyone who has met the clever young writer like her so well they want her to remain.

San Diego however, won't let her. It took the pretty young girl who has down the doings of the smart set, and incidentally joins in the gaiety, three years to make her paper grant her a month's vacation for the editor just Hughes buttons is at the present time couldn't see how he could get along time exhausted, telegraphic advice without her. Finally she declared she

would go into the movies, or get married or do something truly desperate if she were not permitted to go east. Now she's sorry that she went. She wishes that she had come directly to Phoenix instead of wasting time in Kansas City and places like that. Maybe—

Miss Tracy arrived yesterday and will return to California tonight. She is the guest of her cousin, P. J. Durkin, a ranch owner in Tolleson.

**MORE BONDS**  
[Republican A. P. Lease Wire]  
TOPEKA, Kan., Oct. 12.—The Kansas public utilities commission today granted the application of the St. Louis and San Francisco railroad company for permission to issue \$264,000,000 worth of stocks and bonds. In an opinion handed down by the commission with its decision regarding the reorganization plans the commission charges "looting" of claimants against the road by compelling them to stake only a part of their due and income.

You cannot vote unless you register.
